Women on Target at MRGC - 10/1

One of the growing segments of the LTC market is women. Maynard Rod and Gun Club, together with GOAL, is pleased to announce that once again, we will be sponsoring an NRA Women on Target event on Saturday, October 1st.

Volunteers wanted! This is a great way to earn chits and help attract more women as members of our Club! We'd like to make a special appeal to our female club members to volunteer to help with this event (to make our guests at this women's only event more comfortable). No special qualifications are required to participate in a broad variety of supporting roles – any female NRA certified range officers, rifle, pistol or shotgun instructors are of course more than welcome and encouraged to take leadership roles on our range teams.

Do you know any women who are interested in pursuing their LTC and joining our Club? This is a golden opportunity. See our Women on Target event page on the club calendar for details and registration materials. The class is filling up fast!

Skeet, Trap & 5-Stand

Save the Date: Sunday, September 18, 2016. A three-gun intramural tournament (Skeet, Trap & 5-Stand) hosted by the Skeet & Trap Committee but open to all Club members will be held on Sunday, September 18. The tournament will include trophies and prizes and a special theme meal to follow the shooting events. Space will be limited to 20 shooters maximum, so reserve a slot as soon as possible by contacting Steve Winnick (winvictus@winnlaw.com) or Gifford Perry (wgp27@comcast.net).

Fall Fun Tournament against Riverside R&G at Maynard. A friendly 3-gun tournament (skeet, trap & 5-stand) with special meal and trophies and prizes is being planned for the Fall against our rivals at

Riverside R&G. Riverside is the present holder of the coveted Club Tournament trophy until next Spring when the Club trophy will be contested again. Maynard has thrown down the gauntlet to recapture it; and the Skeet & Trap Committee intends to use the Fall fun shoot as practice for the main event in the Spring when the Club trophy will be recaptured by Maynard and displayed proudly again in the Shooters Den.

The shooting ranges are open at 9:30am and close at dusk or under the lights with shooting ending by 9:00pm. If you're trying it out for the first time or want to sharpen your skills, we offer lessons. Please contact Gifford Perry or John Mackesy for details. If you want RO training so you can open and close at your own schedule, please contact the John or Gifford.

Remember, every Sunday 9:00am meet for light breakfast and coffee. Between rounds, local clay pigeon breaker and legend, Steve Winnick, provides stimulating conversation at no additional charge. For more info, contact Gifford Perry wqp27@comcast.net

What a great Sunday morning for father and son!

Rifle & Pistol Committee

The pistol team(s) will be having an open practice on 7:00PM August 31st. All are welcome. If you are interested in seeing the format, meeting the guys and girls, or just looking to shoot a quick round, come on out. The pistol teams compete in the

Nashoba Valley Pistol League. This is a traveling team with a little less than half of our matches being away--we shoot against each other! We usually start early/Mid October and continue till early/Mid March. We shoot 22 pistol in the NRA Gallery format. The league is very accommodating to new shooters and people with busy schedules. Only the top five scores count for a team score, and the league does allow shoot aheads--in case you know you will be unavailable the following week.

Contact Ramzi for more info. fourthmuskeeter@yahoo.com

R&P has implemented new procedures to get our new members out on our ranges faster. Rather than wait for the subsequent monthly R&P Committee meeting, new members can now meet with R&P representatives immediately after they've been accepted by the E-Board and get their range credentials approved the night of the E-Board meeting. Now that's what I call member friendly service! For more details, contact Ken Chin (trackertx17@yahoo.com), Jeff DeLand (jmd13@live.com), or Bud Parker. See you on the range!

Action Range

The R&P committee held an hour long training session earlier this summer. The session was a hit. The training covered responsible shooting and safety techniques for the action range. There was a demonstration on how the range should be properly used and a discussion took place on expectations of each shooter while using this range. Resident NRA instructors were utilized.

For enjoyment and safety, the R&P committee is actively working on more improvements to our already great action range. We will be looking for volunteers for a 1 day work party to repair target wall in the indoor range..date TBA around volunteer schedules. If interested, please contact Jeff directly. jmd13@live.com

If you are not authorized to use the action range, and have interest, now is your chance. More classes to follow. For questions, training and more info, please contact Jeff, jmd13@live.com
